## INTRODUCTORY.

The publishers of the Fort Wayne Directory have not, in twenty-nine volumes which have preceded this, had so abundant cause to congratulate their patrons. Of many remarkable years, the year 1902 has been one of the most remarkable for the extent and variety of the prosperity of this city, and we have every assurance of that continued prosperity, which has been most prodigal to Fort Wayne. The Directory of 1903 contains 27,924 names, which by using a multiple of 2 only, gives us a population of 55,848 which makes the increase for past year 1,728. This may not seem a large increase in population, but in ten years it would mean 17,280. Just now Fort Wayne is entering upon a new development. While all the industries of the city have been prosperous in a high degree the past year, the retail trade will be increased in a marked manner by the energizing influences of the increasing number of electric lines running into and through Fort Wayne.

In the last few months a combination has been made which will make Fort Wayne one of the great centres of electric lines in the country, and the nucleus of all the growing towns in the radius of a hundred miles.

The City Directory is far more than a mere catalogue of names and addresses. It contains information of every description concerning the city which it represents; everything that is useful and beneficial in the line of information to business men and to society. It is an annual record which becomes history of the city, of the people, their institutions and organizations. It is not only of value for the use which is made of it for to-day, but for the certain record which it preserves for the future. Every citizen should spend some of his leisure time in scanning the Directory. He will find some profitable suggestions in it every time he uses it. He should keep it in a convenient place, accessible to his customers. A man who does not use a Directory himself, cannot compete with those who do. His customers are entitled to the use of the Directory and if he does not provide it for them, he does not give them what their money will buy elsewhere. The Directory is unexcelled as an advertising medium. Its circulation cannot be estimated by the number of copies that are printed, but by the population of the city it represents, or by the number of persons who use it. It is fair, therefore, to assume that the Directory of a city having a population of

55,000 inhabitants is the most effective method of reaching the 55,000 people.

Classified headings in a Directory are really the foundation of all advertising, for it is exactly the place where every intelligent person will seek such information, but these headings are most effective where reference is made to a full and complete business card. An appropriate advertisement in the newspapers will attract the attention of all its readers, but those who come to buy what they have seen advertised in the newspapers often forget the name and address of the advertiser and they seek it in the Directory. If the same advertisement appears there the advertiser makes 'e. If some other advertisement appears instead, in cases, it will be taken for the same one which was seen in the newspaper and the Directory advertiser will get the benefit of the newspaper advertisement. Anyone advertising extensively in a newspaper should have it properly indexed in the Directory as he cannot afford to assume the risk of losing all of the value of the newspaper advertisement by being lost or unknown in standard work of reference. The publishers desire to thank their patrons for past favors and to express their sincere appreciation of the invariable courtesy of the people of the city while prosecuting their work.

## BORROWERS

We receive many complaints from our patrons to the  
effect that they are bothered so much by **BORROWERS**.

These parties are not the private citizens nor the stranger in  
the city, who steps in, looks at the Directory and goes out,  
but merchants, business and professional men, who need a  
Directory every day of the year, yet who are too close-f.  
to buy one.

These same individuals are the ones that borrow your  
Directory "just for a minute," which, in the majority of  
cases, means a day or perhaps a week, unless you remember  
that they have it and send for it.

These same borrowers will tell the Directory canvasser  
that he has "no use for a Directory," that he "knows every-  
body," and, vice versa, "everybody knows him."

# **DIRECTORY**

## **BORROWERS**

We receive many complaints from our patrons to the effect that they are bothered so much by BORROWERS. These parties are not the private citizens nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and, vice versa, "everybody knows him."

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 Reward** Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.
